

BONALDO

Mellow ST

Designer: Bartoli Design

Conceived by Bartoli Design, Mellow features soft curvilinear shapes which are at the same time striking and sculptural. The base is made of curved elements moulded in high density polyurethane which in the new Mellow ST (Swivel Top) version, face outwards. The rounded shape of the base gives the structure a sinuous and balanced appearance, thus allowing the table to interact with the space in which it is inserted. The Mellow ST round design table also stands out on account of a large circular top, made using an external section in wood and a rotating internal ceramic section.

Data sheet

Width: 160cm
Depth: 160cm
Height: 76cm

Width: 180cm
Depth: 180cm
Height: 76cm

Width: 220cm
