

Home office

Bamboo

Bamboo home office solutions take advantage of the desk-use shelf of the Bamboo bookcase, a true space-defining system that can also be integrated with a variety of storage elements from the Slim Up day system.

FLOOR-TO-CEILING RACK WITH INTEGRATED LED LIGHTING

In this composition, Bamboo presents itself with a black aluminium floor-to-ceiling rack, a solution that allows it to be positioned even in the centre of the room, defining the spaces with lightness and architectural rigour. The integration of the LED lighting system inside the rack enhances the volumes and emphasises the vertical lines, creating a continuous and refined lighting effect.

BAMBOO WITH SLIM UNITS

Bamboo rises with its aluminium rack mounted on the wall, while the Slim units, arranged in natural harmony, expand the space, transforming books and objects into the protagonists of a dynamic and refined composition. The modularity of the system allows for flexible configurations, where design and performance are integrated without compromise.

BAMBOO CHAMPAGNE

The new Champagne finishing gives Bamboo a sophisticated and luminous character, combining the elegance of metal with warm and refined tones. This finishing enhances the essential lines of the rack, enhancing the overall composition and integrating harmoniously into any furnishing context, from the most contemporary to the most classic.

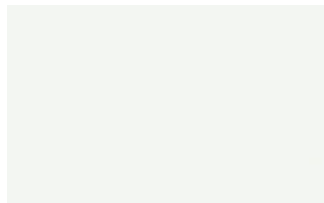

FINISHES

What will your custom home office solution look like with Bamboo? Choose the finishes of the available elements.
