

Wall systems

Boiserie

A system that combines aesthetic lightness with maximum design versatility. The boiserie panels become both backdrop and structure, accommodating shelves in a decorative interplay of solids and voids. Each element is designed to blend into the space, creating tailor-made solutions for the living area.

BOISERIE PANELLING AND SHELVES WITH STONEWARE FRONT PANELS

Clean lines, refined materials and flexible compositions: a system that decorates with lightness and character. Stoneware fronts transform shelves into lasting aesthetic details, capable of withstanding time and daily use. Each boiserie becomes a stage for objects, books and memories, making the living area unique and tailor-made.

HPL PANELLING WITH SHELVES

Wall solution designed to combine design, practicality and durability. HPL finishes, available in different colours and textures, allow you to create elegant and customised compositions. In this composition, we present Pietra Piasentina HPL boiserie panels with RAL 7022 matt lacquered shelves and RAL 7022 matt lacquered Slim modules.
