

Wall systems

Frame porta TV

The TV Holder Frame transforms the way you experience your space. The central panel, on which the TV rests, gently rotates thanks to an integrated mechanism, allowing all cables to be discreetly hidden and facilitating all maintenance operations. The invisible and stable wall attachment ensures a harmonious and clean result. As a final touch, the optional perimeter LED lights up a halo of soft light, enhancing the design and creating a refined and contemporary atmosphere.

A PERFECT BALANCE OF TECHNOLOGY AND DESIGN

The Frame TV holder integrates naturally into living area environments, dialoguing with fireplaces, platforms and other furniture elements in a harmonious and contemporary whole. The essential lines and the possibility of customizing finishes and details make it possible to create coherent compositions, where technology blends with design without ever interrupting the balance of space.

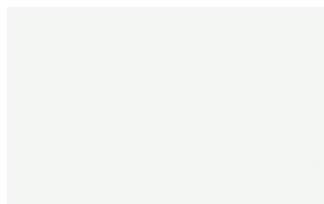

FINISHES

Imagine your TV stand frame in freedom: a tailored solution in size and also in available materials and finishes.
